

REMODELED CLINIC OPENS IN FRANKFORT

DISABLED VETERANS WELCOME CHANCE TO MAKE POPPIES

Letters to The Editor

Mokena, Ill.
Election Day
April 17, 1951

Dear Editor:

Occasionally we read "Letters to the Editor" of the News-Bulletin—some in offense, some in defense. In last week's issue, I was interested in reading the letters, etc. in regard to the election. To me it seems deplorable that the mediums of radio, television and the press have been so long abused by our political parties in their "sneer campaigns" in order to gain control that our government, which was originally intended to be of the people, by the people and for the people, has degenerated into a dog eat dog affair. It makes one want to stop and think.

The organization of the Peoples Party, plus the continued efforts of the Independent Party bespeaks greater interest in civic problems by Mokena residents. Competition in politics as well as business is always a healthy sign, for therein lie the possibilities of greater advantages to the general public.

A man's privilege to evolve his own political views is precious next in line to his privilege of choosing his Faith. We worship in, and support the church of our Faith, but we do not malign and suspicion our fellowman because he has different religious views. Why then, should we resort to that practice because our neighbor has different political views? Viewing it objectively, Mokena is a small town, really more like a neighborhood within a city. It is too small for even one political party.

It is with a smile that I read the ads of our political exponents (not just in Mokena).

I do not doubt their sincerity, but I think, what a small point to depend on actually for his worth as a candidate. Namely, is he a native, or long time resident? I was a member of a native family (and reasonably prominent in its time, I might add) in another small town much like Mokena, and the fact that they were native or long time residents did not make them all worthy public servants. Then came the years in which new people began to move in. Some of them were the type, the likes of which Mokena has been spared, I was not old enough at that time to have developed any prejudices. However, looking back, I can recall how our town fathers (as well as mothers) acquired stiff necks in an effort to look above this catastrophe which had been brought about by the building of a new plant just outside the village limits by a nationally known company. But with the bad, as usual, comes the good, and the town found that it had also acquired some very fine citizens. The town had finally recovered from these "growing pains" when along came World War II, with another influx of people, plus another plant. But the citizenry by this time, having successfully taken one hurdle were ready for the next. Today many others besides myself are proud to say they came from there. It has doubled in population and is still a village with great civic pride and a spirit of cooperation. But I do not believe that my native people were any more sincere in their civic effort than was the stranger who came and wanted to offer something to his neighbors and their families in community effort.

Our world is sick from emotional disturbances because of selfishness and disinterest in seeing of another's needs among nations. Greatest proof of this is shown in the difficulties of the United Nations. And so it is in our own country. Parties and cliques have no part in real democracy.

How many times in a man's life does he repeat the inspiring lines, "Thy kingdom come. Thy will be done?" Then he jumps up from his knees, rushes out to get his "daily bread" and forgets all about HIS part in bringing that kingdom into actual being. When the election is over, why can't our civic minded friends, winners and losers both, get together around a friendly table with a sincere desire to serve all of their Mokena neighbors, and discuss the differences and needs of all. It can be done.

Can't we all work together for unity of purpose in bringing that kingdom we pray about into actuality instead of repeating empty words that echo down an empty hallway? Let's you and I start it right where we are and before long it will go up one street and down the next until it covers the town, then the county, the state, the nation and eventually a world of peace. Wouldn't it be wonderful to live in a world where you never had to worry about wars, hatreds, shortages, taxes? It is possible but who will start the ball rolling? We've been "passing the buck" for generations now. Shall we pass it on to our children, our grand chil-

In nearly every state, during the past several months, disabled veterans have been busily engaged in making Buddy Poppies that will be sold throughout the country prior to Memorial Day. In this city, Commander Robert Liess of VFW Post No. 725 announced that the sale of Buddy Poppies will take place on May 26.

According to Commander Liess the Buddy Poppy carries a copyright label on which are printed the words, "Made by disabled veterans." The public is warned to avoid purchase of poppies that will not be identified with the government registered trademark of the Veterans of Foreign Wars.

Ever since 1922, when the VFW conducted the first nationwide sale of Buddy Poppies, the Veterans Administration has permitted disabled veterans under government care to assemble the materials that are needed to create the official Buddy Poppy.

Veterans Administration officials have always regarded the making of Buddy Poppies by disabled veterans as a valuable form of occupational therapy treatment. The experience is regarded as a morale booster for convalescent patients, who benefit from the psychological reaction of proving useful to themselves, and to the cause which the VFW Buddy Poppy represents.

Aside from the fact that the disabled veterans are paid by the VFW for their labors, the opportunity to earn the wages they are paid definitely stimulates their recovery according to VA rehabilitation experts.

HANS UMLAND, 77, DIES APR. 28

A resident of Frankfort for nearly seventy years, Mr. Hans Umland, 77, died in St. James hospital Chicago Heights, Saturday, April 28 following a short illness.

Born in Hanover, Germany, September 30, 1873, he came to this country and Frankfort when a young lad where he lived since. He never married and made his home for many years with his sister Mrs. Alvina Cheney.

He and Mrs. Cheney returned from California a short time ago where they spent several months.

Beside Mrs. Cheney he is survived by another sister, Mrs. Hannah Harms, Chicago Heights, and three brothers, William, George and Henry all of Chicago Heights. dren, our great grand children and so on down the line?

Well, it's a nice dream anyhow. I read and heard that nothing worthwhile was ever accomplished without a dream first. But this isn't an original dream. I copied it from a man who lived many years ago. They called him a dreamer.

He lived and worked and prayed—even died for his dream. His name was Jesus. He died for this dream in order that you and I might live for it and because of it. Let's quit quibbling and start living.

(Signed)

Just Another Dreamer

Dear Editor:—It has been sometime since I wrote anything about my favorite subject, the old cemetery.

Nearly every one in town goes by the old cemetery every week, sometimes a couple of times a day. Yet it remains in the same deplorable condition.

A few years ago, a big gun was placed there. It serves one purpose that is to call the attention of every passerby to the shrine we have within the village limits. It also calls the attention of every stranger how we let it go to pot.

Isn't there some group in the village that will take it upon themselves to do something. It would not require too much time if about 15 or 20 men went to work, straightening up the stones and leveling the ground so it can be mowed.

Yours in community service,
Elsie

Production and Marketing Adm. Advice for Farmers

At a recent meeting the newly organized Will County Agricultural Mobilization committee made the following recommendations:

"We recognize the nation's needs for increased livestock and grain, but we in Will County believe the best way to secure present and long-time production is by raising higher yields on these acres than we are doing at present. By having a good sound crop rotation, such as having a minimum of 20% in grasses and legumes per cropland. Also better conservation practices than are being carried out at the present time and by planting the new and better strains of grain."

Former New Lenox Couple Married at Riverside, Calif.

A wedding of interest to many local people took place at Riverside, California, when Nancy Ann Martin, daughter of Mr. and Mrs. L. E. Martin of Riverside, but formerly of New Lenox, and Dale Robert Barnes, son of Mrs. Roy J. Barnes of New Lenox, and the late Mr. Barnes, were married at the Grace Methodist church of Riverside on April 27 at 8 p. m., with the Rev. Robert B. Weirbach, pastor of the church, officiating. Organist Avery Speer played a program of bridal music.

The bride, who was given in marriage by her father, wore a gold dressmaker suit with navy accessories and carried a colonial bouquet of white gardenias and sweet peas.

The maid of honor, Miss Donna K. Burton was dressed in a grey suit with black accessories and her bouquet was of pink rose buds and sweet peas.

The best man was S/Sgt. Haines Waite from the El Toro Marine Air Station, Santa Ana, Cal.

Mrs. Martin, the bride's mother, wore a pink tulle suit with white accessories and a corsage of white carnations.

Ruth Ann Barnes of New Lenox, who flew to California April 22 to attend her brother's wedding, was dressed in a navy suit, white hat and green accessories. Her corsage was of pink carnations.

Following the ceremony, a reception was held at the home of the bride's parents, at 3059 Lemon St. for 50 guests.

Later the pair left on a honeymoon trip to Palm Springs, Cal. and will be at home at the Lemon street address after May 6.

The new Mrs. Barnes formerly attended JTHS and JJC and also the University of Redlands, Cal. She has recently been employed at the California Electric office.

X-RAY 626 IN MOKENA AREA

During the four days of x-rays in Mokena, 626 people had their chests x-rayed without charge. Although this was below the quota set by the planning committee, it represented a great increase over all previous years combined, where the extensive community work had not been carried on.

Mrs. Albert Cappel, general chairman of the survey planning committee, expressed her thanks to the committee chairmen and to all the workers for their help in the community project. Considering the fact that only 50 x-rays were taken last year, it is evident that the work done by Mrs. Cappel, her chairmen and the workers, was responsible for the great increase.

The neighborhood committee headed by Mrs. Hugo Niethammer, turned in about 725 cards for people who had been signed up at their homes. All of these didn't come for their x-ray, but some few people were x-rayed who had not previously signed up.

Mrs. Thomas Powers, chairman of the committee to secure clerical help for the unit, kept the unit well staffed to help make the x-rays possible in the shortest possible length of time.

Miss Adeline Semmler, publicity chairman for the survey, was in charge of placing posters around town, and keeping the survey in the minds of the people in the area.

Probably, the Mobile Chest X-ray unit will not be available to the Mokena area for three or four years, during which time, the unit will be in operation in other parts of the county. Those people who wanted an x-ray, but who were unable to get to the unit during its stay in Mokena, may have their x-ray taken at any of the other locations.

The Mobile Chest X-ray unit and material for the survey was made available to the community by the Will County Tuberculosis association and the Will County Health department.

Under The Cross
Of Malta

Did you notice that the Veterans of Foreign Wars of the United States won a prize given by the Freedom Foundation for its work in community service. This was a high honor and it was possible because some posts and their auxiliaries have been on the ball.

Our Comrades of World War I have kept the ball rolling through a lot of lean years, now it is time for the veterans of World War II to take the ball. Let's not handle it like a hot potato but really keep the ball rolling.

If we look around a little, there are a lot of ways we can be of service to the community. We can give blood for the blood bank to Red Cross or Hines hospital; we can do something to the old cemetery; we can start a campaign to clean the streets, on Front street particularly. These are just a few things that could be done. Let's put into action some of the things we talk about.

If we take our obligations seriously and do the job we pledged to do locally as well as nationally, new members will be glad to join our outfit. Be proud of your organization and serve it well, then others will want to belong to a real live outfit.—Elmo L. Saarela, Pub.

BIDS TO BE OPENED MAY 15 FOR TINLEY PARK HOSPITAL

Springfield, Ill., April 30 -- The state Division of Architecture and Engineering has asked for bids, to be opened here Tuesday, May 15, for complete construction of four improvements at Tinley Park state hospital. The building which has been Frankfort's doctors office for many years, and which had been already enlarged by Dr. W. V. Hedges, still needed more rooms to care for the increasing number of patients. When Dr. Hedges retired from active professional work five years ago, because of ill health, Dr. Claude Otto entered into the work and later Dr. W. H. Cave joined the force. The latter two doctors with the assistance of Dr. Hedges organized the clinic and in honor of the latter named it, The Hedges Clinic. Drs. Otto and Cave purchased the property including the former home of the Hedges and the result of remodeling became effective. Another doctor will be added to the clinic by about July 1. He will be Dr. James Lambert, who is now interning at St. Joseph's hospital at Joliet.

There is now a total of eight rooms, including a large waiting room, with special departments for x-rays and laboratory. The rooms are made pleasant by soft coloring schemes. A switchboard has been installed for improved telephone service.

Two nurses, Miss Florence Hollstein and Mrs. Frances Schroeder in addition to Mrs. Bertha Nield are the attendants.

"Just Been Thinkin' "

I had seen her there before, that tiny girl next door, but on one special day, she swept my heart away... There in the morning sun... this happy, busy one was, by poetic chance, preoccupied with plants.

THE LITTLE GARDENER

Oh, what is more lovely
In Earth's splendid span
Than a sweet little girl
With a sprinkling can?
And who is so willing
To go spraying around
When God seems too busy
To water the ground?
This dear little miss
Shows her holiest part
As she spills out the beauty
And love of her heart...
The blooms seem to know her
And lift up their heads,
And seeds which were sleeping
Spring up from their beds...
So God, bless her richly
With every good thing—
This small foster mother
To Your children of Spring!

What Is Greatness?

Lesson for May 6, 1951

WHAT is a great man? Some men have been called great who were not so; they were only prominent. Hitler, for example, was certainly prominent enough; but he was not great. Men can truly be called great for various good reasons. Some may be artists, some may be soldiers, others statesmen or prophets. Once in a while a man is born who is great in more ways than one.

Dr. Foreman

David the Ideal King

SUCH a man was David, King of Israel and one of the world's most famous men. The United Kingdom of Israel had a short history, only three kings reigning over it—Saul, David and Solomon. Of the three, David was by all odds the greatest man and greatest king.

Neither Saul nor Solomon was capable of holding for a lifetime to a high ideal. Neither was capable of wholehearted devotion to God. Neither one could gain and hold the loyalty of the nation.

It was only David who could do these things. It is no accident that forever after, when a Hebrew thought of the ideal king, he would think neither of Israel's first king nor of the wealthiest, but of David the best and most beloved.

Military Genius

DAVID was great, in part because of his power in battle. What no one since Joshua had been able to do, David did: he welded the quarrel, jealous, weak tribes of Israel into a "single sword." The times called for military genius, and David had it. He gave Israel the military might that was essential for their peace and prosperity.

So, often since David's time, there have been great soldiers who have used their military genius not for conquest in itself but in order to win some place in the sun for peace-loving nations. One thinks of Charles Martel, who saved Europe from barbarian conquest; of William of Orange who set the Dutch free from Spanish tyranny; of Washington, "father" of a great nation; and of many others.

The great soldiers of history have been more than professionally skilled and successful killers of men; they have been like David, men whose skill was used to preserve nations, not to destroy them.

Lovable Leadership

IN OUR times Hitler brought the word "Leader" under a shadow, because his leadership was in the wrong direction. But there is such a thing as noble and wise leadership, and David had this quality in a high degree.

It is true, success has something to do with it. Men will flock to a winner who would have nothing to do with him if he were a loser. But still it is a fact that most of the world's great leaders who have come up from obscurity, as David did, have arisen at the head of groups of devoted men who have followed them loyally through the darkest times.

So it was with David. During his years as leader of the "underground" (literally so, since for some time his headquarters were in a great limestone cave), he developed the hard core of the army he commanded at a later time, a core of men who would rather lose with David than win against him.

Leader in Faith

DAVID had yet another quality of greatness, and for this he is perhaps best remembered. He was a man of deep religion. But religion for him was not merely a personal matter; he carried his faith into public life, he made his faith contagious. He did his best to make faith in God central, as it had never been, in the life of his nation.

Religion for him was not a stick with which to beat other people about the head, but a rod and staff to lean upon. It was not a secret locked in his own heart but something he desired to share with all his people. It was not a device to keep his subjects contented; it was an acid test for his own life.

And though he sometimes slipped and terribly fell, he could always rise again, for his religion gave him that rarest of all qualities in great men: humility before God and man.

Barnett Cemetery Meeting

The annual meeting of the Barnett Cemetery association will be held in the Homer church, Saturday afternoon, May 5, at 2 o'clock at which time all persons interested in the cemetery should be present.

Members of the Homer Woman's club who attended the tri-annual meeting of the Will county League at Frankfort last Tuesday were: Miss Ida Harrington, Miss Myra Reed, Mrs. John Reiter, Mrs. Fred Kopelman, Mrs. Tess Markiewicz, Mrs. George Ott, and Mrs. B. D. Brankley.

Peter Koniecz Jr., who enlisted in the Army Air Corps recently, left Friday, April 27, for Geneva, N. Y., where he will be in training.

Mrs. Gus Termunde and Mrs. Bruce Anderson attended the Teacher-Board banquet at the Candle-Light last Thursday evening. Mrs. Anderson captured the door prize which was a large bouquet of daffodils, sweet peas and ferns.

Mrs. Ethel McClintock of Channahon was the guest of her granddaughter, Mrs. Cloyd Roberts and family for a few days last week.

Guests of the missionary society at Homer church last Thursday were: Mrs. Marguerite Davies and Mrs. James Coleman. Mrs. Reed Burch gave a report of the Aurora association meeting held at Oswego last Sunday. Routine business was transacted, a devotional program and sewing were features. A delicious pot luck dinner was served at 12:30 with Mrs. F. J. Paddock and Mrs. Guy Bump acting as hostesses. The next meeting will be in the Robert Burch home.

Faye Anderson had a double celebration of her sixth birthday last week which included a dinner Friday evening when Mr. and Mrs. Stuart Vanderbilt were the guests after which the two families saw "Pa and Ma Kettle" at the Rialto on Saturday. Mrs. George Welter, the little girl's maternal grandmother, also Mrs. Marion Ziesemer and sons, went to the Anderson home with ice cream and other party fixings for a little surprise.

Alma Lauffer was the week end guest of Betty Anderson.

Harold Ferren of Worth visited his friend, Perry Bishop, last Tuesday.

Mrs. D. Korista and children of Chicago spent a few days last week with her parents, Mr. and Mrs. Ervin Lynk.
